Mohawk Group

Believe in Better Learning

At Mohawk Group, the heart of our mission is the belief that thoughtful flooring design can be a positive force in every student's experience.

From classrooms to libraries to common areas and beyond, our flooring is crafted to inspire creativity, encourage focus, and promote student success. With **worry-free solutions** that support education, we're here to help you nurture better learning through better spaces.

Better Partners

Mohawk Group will work to earn your trust every day. As a flooring partner for learning environments, we put our heart and soul into delivering a full range of products that meet the specific needs for each space. From classrooms to commons areas, we are committed to providing solutions to meet your needs on time, on budget, and providing a seamless experience for every educational space.

You have enough things to worry about. Your flooring shouldn't be one of them.

EXPLORE MOHAWK GROUP

We partner with many of the leading cooperative agreement organizations to give you a smarter, more efficient way to purchase. By leveraging these partnerships, you save both time and money while working with a trusted resource that fully satisfies the bid process—ensuring compliance, speed, and value with every project.

Better Service

Let Mohawk Group take your project from stressful to **worry-free** with M1-X: our single source solution for seamless flooring management, procurement, installation, and maintenance. M1-X streamlines your process so you get more value with no worries.

M1-X

Turnkey Solutions

- Complete project management from initial planning to project completion.
- We handle all procurement, supply chain management and installation—providing a seamless, worry-free process.
- Support for flooring maintenance and care.
- Fully itemized, transparent proposals that provide a clear breakdown of every cost—eliminating surprises and ensuring your project remains on time and on budget.
- Includes a 2-year installation warranty—double the industry standard.

EXPLORE M1-X

Maximize ROI

Mohawk Group can help you choose the right flooring for the right space, maximizing ROI and extending lifecycles by up to 10 years.

SELECT STYLES

The majority of our products are proudly made in the USA. By choosing domestically manufactured flooring, you can reduce your lead time.

QUICKSHIP

Your time matters to us. Our Quickship program gives you instant access to hundreds of products available to ship within 10 business days.

EXPLORE QUICKSHIP

Better Choices

No matter the size or complexity of your floor covering challenge, we have coordinating floors for all your learning spaces in the widest array of product types, styles, and price points.

We are the single-source provider for all your flooring needs.

- Carpet Tile and Plank
- Broadloom
- Woven
- Area Rugs

- Luxury Vinyl Tile
- Homogeneous Resilient Tile
- Resilient Sheet
- Walk-Off Tile

- Flooring Accessories
- Wall Base
- Weld Rods

Color Harmony

We believe that designing cohesive spaces should be easier. That's why we help you choose complementary colors across your flooring products, from hard and soft surfaces to wall base. The result? Perfectly coordinated flooring selections for your project, in less time, with zero guesswork.

EXPLORE COLOR HARMONY

Better Coordination

Different spaces require different solutions, so we offer a variety of carpet types, hard surface flooring, and accessories, with palettes and patterns that work together beautifully—helping you create coordinated environments with ease.

No Need for Transition Strips

Whether you choose our modular carpet with an EcoFlex® ONE or EcoFlex Matrix backing system, we provide a wide range of LVT styles with thicknesses that match the carpet's height, eliminating the need for transition strips and reducing installation time and costs.

Better Design

Today's students face more stress and anxiety than any generation before them. At Mohawk Group, we believe learning spaces should do more than function—they should actively support well-being and student success.

That's why our mission is to design environments that are human-centric, adaptive, and welcoming. Spaces where every student feels comfortable, focused, and empowered to reach their potential. By combining thoughtful design with performance-driven flooring solutions, we're helping schools create environments that not only reduce stress and anxiety, but also inspire confidence, concentration, and success.

Stress-Reducing Fractals

Discover flooring with fractal-based patterns that are scientifically proven to reduce stress, enhance cognition, and promote feelings of calmness.

- Fractals are repeatable patterns that occur throughout the natural world.
- Multiple collections leverage the biophilic power of fractals to help support learning.
- Created in collaboration with 13&9 Design and Dr. Richard Taylor of Fractals Research.

EXPLORE FRACTAL PATTERNS

Better Design. Better Learning.

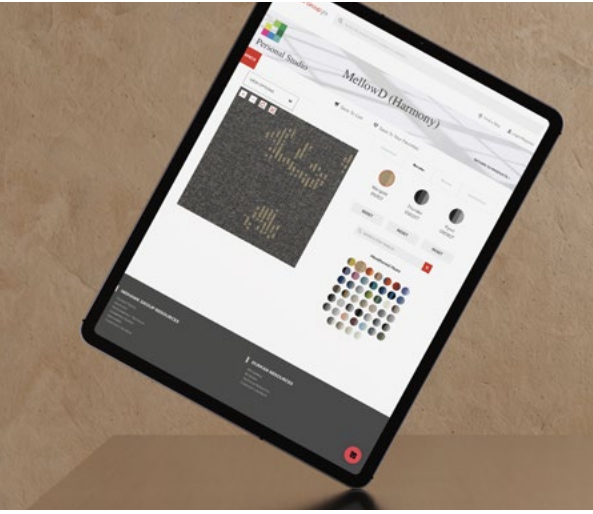

“Scientific data shows that people’s stress levels reduce by as much as 60% when looking at fractals.”

Mohawk Group

Better Spirit

Use our customized solutions to create beautiful learning spaces that help build school spirit and belonging.

Mohawk Group Design Services

Our design services team can help you bring your unique vision to reality. From advanced technology, visualization, and simulation services to a highly creative team of field designers, we have a solution for you.

Personal Studio™

Inspire spirit by incorporating school colors into your carpet. It's easy with Personal Studio, our online personalization tool. With low minimums and a wide selection of yarn colors, your spaces can wear your school colors with pride.

- Find the perfect color
- Visualize a room
- See photorealistic simulations
- Order digital, print, and physical samples when you're ready, straight from Personal Studio

Waterjet Capabilities

- Our homogeneous resilient tile can be waterjet cut and heat welded, enabling unique designs like school mascots, wayfinding, and more.

EXPLORE PERSONAL STUDIO

Better Comfort

Excessive noise is one of the most overlooked challenges in education. For students, it can mean the difference between understanding and falling behind. When classrooms are too noisy, students struggle to hear their teachers and professors clearly, leading to reduced speech understanding, lower comprehension, and increased frustration.

Noise doesn't just affect learning — it impacts well-being. Constant auditory stress can heighten anxiety, reduce focus, and even cause students to disengage from the learning experience altogether.

Safety and Comfort

- Soft surface flooring can help reduce the risk of injury from slips and falls.
- Soft surfaces can help students with sensory sensitivities by dampening ambient noise and softening glare.
- Soft surface flooring can help maintain a comfortable indoor temperature.

Acoustic Advantages

- Soft surface flooring can reduce sound transmission by as much as 10-20 decibels, creating a quieter, calmer learning environment.

Better Performance

Solving all your flooring challenges with one complete solution is now possible with **EcoFlex® ONE**. This state-of-the-art backing system combines with the advanced engineering of Duracolor® Tricor fiber to deliver worry-free modular carpet that leads the industry in durability, cleanability, performance, sustainability, and ease of installation. EcoFlex ONE is the holistic solution for learning environments.

Worry-free Installation

- No need for moisture testing provided no visible moisture is present.

Worry-free Performance

- Carpet tile with our EcoFlex ONE backing system features the unsurpassed durability, cleanability, and beauty of our Duracolor Tricor fiber.
- Reduces noise within rooms and between floors for an improved learning experience.
- More comfortable underfoot, reducing fatigue.
- EcoFlex ONE provides a seamless transition to our 4.5mm and 5.0mm LVT.

EXPLORE ECOFLEX ONE

EcoFlex ONE Certifications

* Refer to Mohawk Group installation guidelines for additional details.

\$2.4 Billion

estimated annual spend in the U.S. to correct moisture-related issues with concrete slabs. With EcoFlex ONE, you can avoid these problems in most situations.

Zero

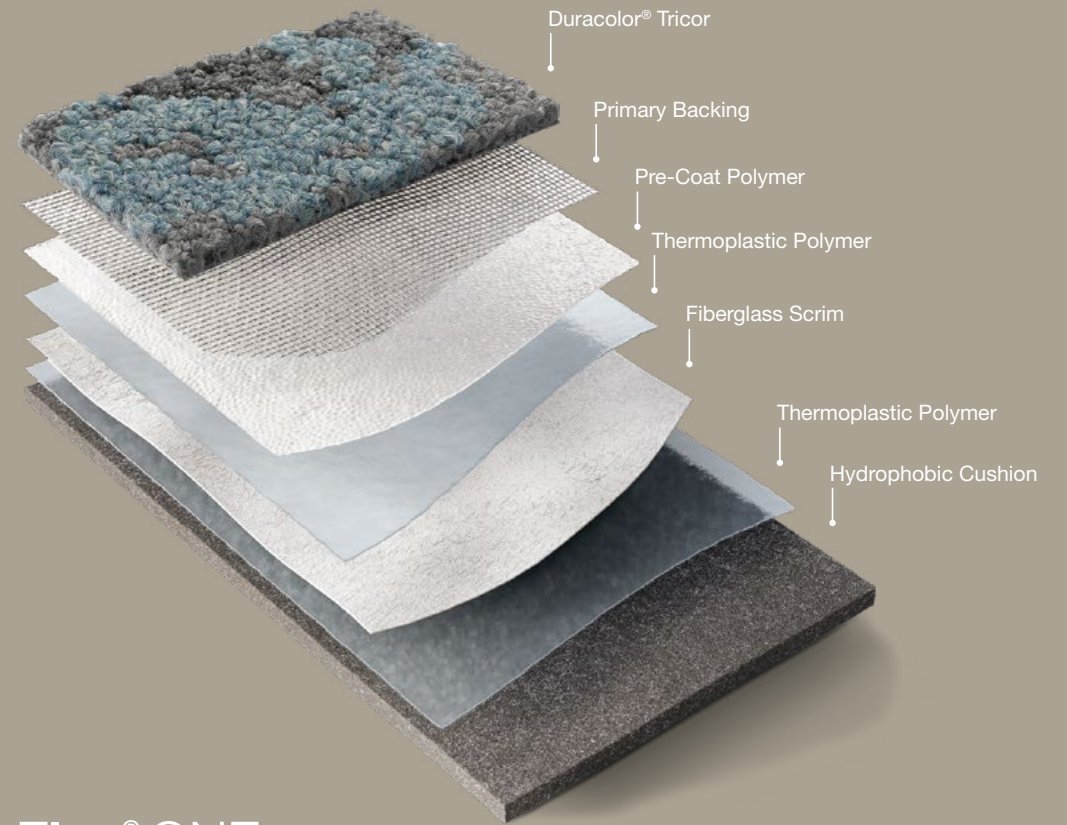

moisture testing*, leading to less prep time, lower costs, and fewer hassles.

72%

minimum total recycled content used in our EcoFlex ONE backing system.

100%

carbon neutral plus an additional 5% offset for a positive impact on the planet.

EcoFlex® ONE

ALL-IN-ONE Flooring Solution

Every element in the EcoFlex ONE construction has purpose. Combined, they form the industry's leading carpet tile solution. The hydrophobic PET cushion, backing layers and Duracolor Tricor fiber are engineered with your end-goals in mind: to optimize your investment, be sustainably made and provide a better student experience.

Concrete moisture mitigation costs can range between \$1.50 and \$5.00 per sq. ft. By using EcoFlex ONE on a 30,000 sq. ft. job, your estimated cost savings could be as much as \$150,000.

Better Performance

Delivering unsurpassed stain resistance, colorfastness, durability, color clarity, and enhanced soil performance, **Duracolor® Tricor** fiber builds upon the trusted Duracolor promise with hundreds of millions of yards installed in some of the most demanding, high-traffic locations. Duracolor Tricor proves its value by delivering longer product lifecycles and reducing impact on your bottom line and the environment.

A Better Built Fiber

- Permanent built-in stain resistance.
- Only water needed to clean 96% of common stain-causing substances.
- Duracolor Tricor's innovative modified-delta shape and optical core optimize color clarity, strength, and soil hiding and removal performance.
- Unsurpassed colorfastness to light and atmospheric contaminants, so colors won't fade.

Reduced Environmental Impact

- Extended product life of Duracolor Tricor reduces impact to the environment and your bottom line.
- Carpet products made with Duracolor Tricor are Declare Red List Free.
- Duracolor Tricor is recyclable through Mohawk's ReCover program.

EXPLORE DURACOLOR TRICOR

99%

of all common stains are resisted by Duracolor Tricor fiber—FOREVER. This permanent protection will not wash off or wear off. We guarantee it.

96%

of all common stains clean up with just water, reducing the need for harsh or costly cleaning chemicals.

300+

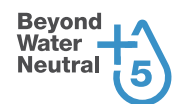

colors provide the design flexibility you need.

100%

recycled content when used with EcoFlex ONE Modular carpet styles.

Carbon neutral PLUS an additional 5% for a net-positive impact on the climate

Water neutral PLUS an additional 5% for a net-positive impact on the climate (Carpet Tile only)

Better Protection

We understand that schools are active, dynamic environments. Students are constantly on the move, chairs get shifted, teachers bring energy (and the occasional coffee spill), and staff keep learning spaces running with equipment and supplies. In short—life happens on these floors.

That's why our solutions are built for both durability and design flexibility. From heavy foot traffic to everyday wear, our hard surface flooring with M-Force Ultra is made to perform beautifully under pressure while giving you the freedom to create welcoming, inspiring spaces for every learner.

Protection for Life

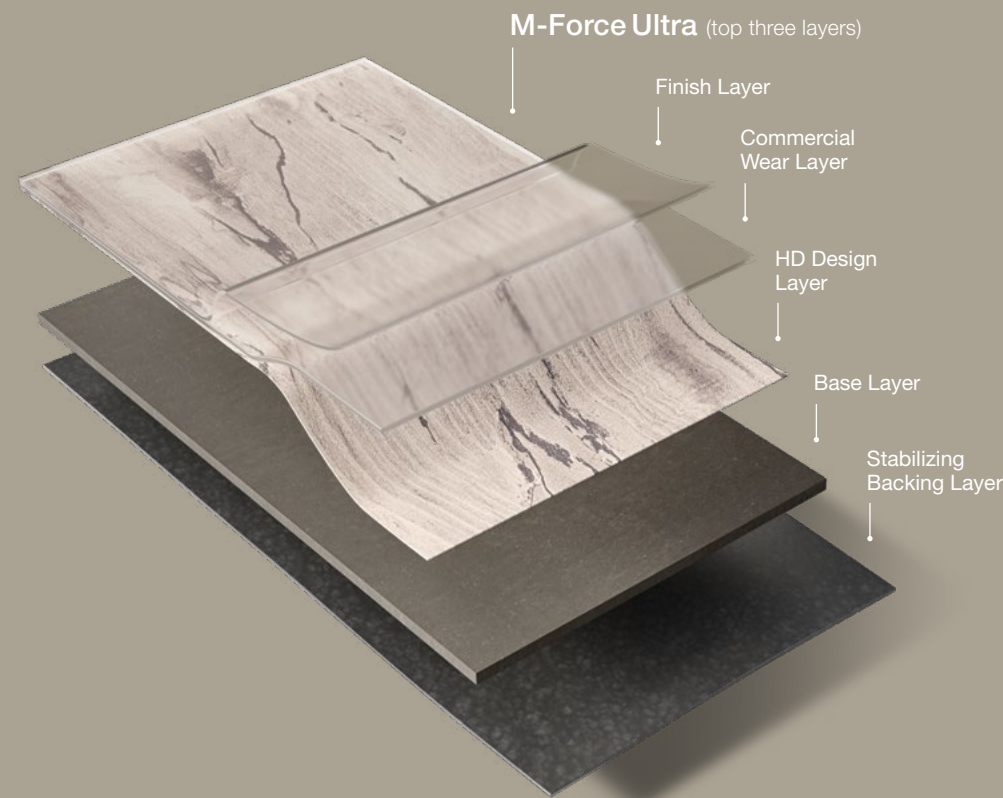

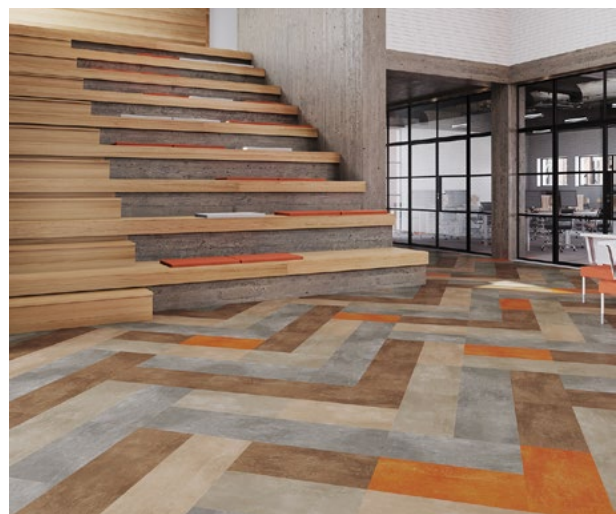

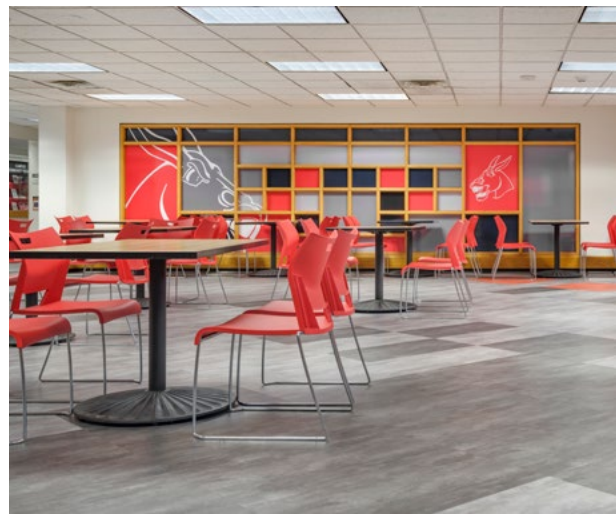

- With M-Force Ultra, three components are bonded together into one high-performance solution for unmatched resilience and ultimate durability under heavy traffic and heavy rolling loads.

Easy Maintenance

- Easy to clean and maintain, M-Force Ultra provides outstanding stain and soil protection.

EXPLORE M-FORCE ULTRA

M-Force® Ultra

Complete LVT Performance System for Life

M-Force Ultra is a system that combines the finish layer, wear layer and design layer. We develop each layer individually for optimal performance, then we bond the layers in a proprietary process that makes their performance exponentially greater together. As a result, your floor looks better longer, with superior protection against scratches, stains, dents, and wear, all while providing a crisp, clear visual and easy maintenance.

Limited 20-year warranty provides a worry-free guarantee that Mohawk Group stands behind the industry-leading performance of M-Force Ultra.

Better Outcomes

In educational environments, every design choice plays a vital role in supporting student success—and it all starts with the floor. Our flooring solutions are purpose-built for schools and universities, combining durability, easy maintenance, and long-term value.

Engineered to withstand heavy foot traffic and the daily demands of busy learning spaces, our carpets and resilient flooring offer a low cost of ownership and a high return on investment. Advanced stain and soil protection technologies help maintain a clean, welcoming appearance, contributing to healthier, more inspiring spaces for students to learn and grow.

Better for People & Planet

At Mohawk Group, our commitment to our planet extends beyond products and processes: it's how we challenge ourselves to do and be better every day, how we make decisions, how we reinvest in our people and our planet, and how we define what matters most as we work to deliver value for generations to come.

Beyond Carbon Neutral

As a signatory of The Climate Pledge, we're working to help build a regenerative, climate-positive future. All of our commercial flooring products are Beyond Carbon Neutral, meaning they are not only carbon neutral but also include an additional 5% carbon handprint, helping your project deliver a net-positive impact.

Certified for Worry-free Healthy Interiors

Mohawk Group flooring can contribute to your project's certifications for LEED, WELL, or the Living Building Challenge. Choose from a comprehensive selection of Red List Free products with HPDs, EPDs, and more, to help ensure that your spaces meet the most stringent requirements.

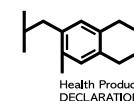

RECOVER RECYCLING PROGRAM

Through Mohawk's ReCover™ Recycling Program over 160 million pounds of flooring has been diverted from landfills and given a second life. Whether during renovation or new construction, we accept flooring waste from any manufacturer and will manage your entire recycling process.
